ADD-ON:

- PARTS ON SITE

Annual Service Inspection with \$200 Service Credit

You need your machine performing during crucial cutting and baling times. You receive a \$200 service credit toward any repairs found during the inspection. Having your machine fully inspected by a certified technician maximizes your chances of running productively and potentially saves you from bigger problems later on, when you can't afford downtime.

AVAILABLE ADD-ONS:

Parts On Site

How many trips do you make to pick up filters, belts, and other regular maintenance items? Reduce your fuel costs and time spent running errands to town with a parts-on-site cabinet filled with the parts you need for the growing season. We will stock your cabinet specific to your equipment needs for you and keep it updated with any equipment updates you have throughout the season.

SKID STEER LOADERS

- SERVICE INSPECTION W/\$200 CREDIT
- WARRANTY DISCOUNT - \$200

Annual Service Inspection with \$200 Service Credit

We can make sure your machine is ready no matter what season. Our certified technician will do a complete inspection of your machine. You receive a \$200 service credit toward any repairs found during the inspection. Having your machine fully inspected by a certified technician maximizes your chances of running productively and potentially saves you from bigger problems later on, when you can't afford downtime.

Warranty Discount \$200 Purchase Credit

PEAK plans and extended warranties go hand in hand for total machine coverage. When you buy a Peak and a PowerGard or PowerPro plan on your commercial worksite products we will give you a \$200 discount on the approved PowerGard or PowerPro purchase. Subject to terms and conditions of PowerGard and PowerPro warranty. Buy both for total protection and your biggest savings.
